

Specialist Guided Walk in the Anish Kapoor Galleries - Nancy Adajania

Thursday, Feb 17, 2011, 5 PM

Nancy Adajania is a cultural theorist and curator, who has lectured and written extensively on new media, public art and the transcultural condition of contemporary global art practice at numerous international venues including Documenta 11 and Documenta 12 (Kassel), Transmediale (Berlin), MuMoK and Kunsthalle Wien (Vienna), and BAK (Utrecht). Adajania is the editor of the monograph, Shilpa Gupta (Prestel, 2010) and she has co-authored with Ranjit Hoskote, 'The Dialogues Series' (Popular Prakashan/foundation b&g, 2011).

Adajania will discuss the dynamic interplay between the philosophical and the ludic in Anish Kapoor's work. She will locate his practice in the context of a vibrant transculturality, critiquing the exhausted either/or of 'national identity' vs 'international location' that snags many readings of his art.
