## ABOUT US

The National Gallery of Modern Art is the premier institution of its kind in India. It is run and administered as a subordinate office to the Department of Culture, Government of India. The main museum at Jaipur House in New Delhi was established on 29 March 1954 by the Government of India, with subsequent branches at Mumbai and Bangalore. The gallery is a repository of the cultural ethos of the country and showcases the changing art forms through the passage of the last hundred and fifty years starting from about 1857 in the field of Visual and Plastic arts. Notwithstanding some gaps and some trivia, the NGMA collection today is undeniably the most significant collection of modern and contemporary art in the country today.
