Trees and plants grow in NGMA Bengaluru premises!

Happy to announce the ar.bo.re.tum tree walk scheduled once every month. In honor of Mahatma Gandhi who himself was a deep ecologist and immense value of nature, is organising a monthly tree walk in the premises to help people to familiarise themselves with the various tree species, their uses and data collection. These kinds of programs help in sensitizing the people about environmental sustainability and environmental protection, resulting in cleaner and greener environment and an eco-friendly society.
